Series 22

Advantages

- Flat Slats have a finished appearance and can be Weather-Stripped.
- FinalCote is Cookson's exclusive Finish Coat that needs no further painting.
- Structural Angle Guides and Bottom Bars are more durable than roll-formed shapes.
- Steel Plate Brackets are more durable than stamped steel bracket plates.
- Heavy Duty Cast Gears are more durable than roller chains and sprockets.
- Springs Designed for 50,000 Life Cycles exceed the industry standard of 20,000 Cycles.
- Cast Iron Stops are more durable than stamped steel stops.
- 2 Year Warranty exceeds industry standard of 1 year warranty.

Options

- Cookson ColorCote powder coat finish available in 180 Standard Colors
- A range of Motor Operators and Controls
- Cookson's Exclusive Featheredge or Phantom Featheredge

Benefits

- Heavy Duty Construction assures years of trouble-free performance
- Manufactured for Ease of Operation
- Standard Features exceed industry standards
- Best Value for the price
